Instructor Bio

Kreig Embriano, VMD, MS, DACVR

Dr. Krieg Embriano grew up in New England and received his Bachelor of Science at the University of Connecticut, followed by his veterinary degree from The University of Pennsylvania. His post-veterinary training includes a rotating small animal internship, a diagnostic imaging internship, a part-time diagnostic imaging externship, and two years of small animal emergency medicine and surgery.

He graduated with a Master of Science and completed a radiology residency at Auburn University in 2022. Dr. Embriano and his wife have a busy life with five cats and a focus on traveling, soccer, biking, podcasts, and tasty cuisine.
