ENHANCING ANIMAL & HUMAN HEALTH WORLDWIDE

How to get your boss to say YES!

Here are some additional tips to help you gain support to attend the WVC Annual Conference:

1. Browse through the program ahead of time and choose specific sessions and labs that appeal to you and address the needs of your practice.
2. Prepare a plan that shows who will cover for you while you are attending the conference.
3. Offer to take your new knowledge back to the office and hold training sessions for your co-workers.
4. Offer to develop a list of ideas and information to share when returning to the office. Email the list to your supervisor and co-workers before your return.
5. Approach your supervisor early to take advantage of registration pricing, lower hotel rates and airfares.
6. Let your supervisor know that you plan on taking advantage of the myriad of networking opportunities and learning from others in both formal and informal ways.
7. Strrrretch that dollar! Tell your boss you're going to learn how to do more with less— including ways to control costs and increase revenue while still delivering quality patient care.
8. Share with your supervisor that you will visit the exhibit hall to meet with equipment and service vendors, watch demos and find exactly the right products for your practice.
