Viticus Group Announces 95th Anniversary Celebration at 2023 WVC Annual Conference

Save-the-Date: Feb. 19-22, 2023, in Las Vegas

LAS VEGAS—[Viticus Group](https://www.viticusgroup.org), a leading provider of continuing education for veterinary and medical healthcare professionals worldwide, is holding its [WVC 95th Annual Conference](https://www.viticusgroup.org/wvc-95th-annual-conference) at the Mandalay Bay Convention Center in Las Vegas, Nevada, on Feb. 19-22, 2023.

Next year's event marks the 95th anniversary of the veterinary education conference and the Viticus Group organization, formerly known as WVC. The theme for the conference is "Building on the Legacy," a tribute to the rich history and accomplishments of the last 95 years, as well as improving veterinary medicine through exceptional education in the future. This anniversary celebration also kicks off the countdown to the centennial annual conference in 2028.

"Not only are we celebrating the 95-year legacy that has impacted so many, but we are also building on the great tradition of high-quality education and innovation to move boldly into the future," says Viticus Group CEO Andrea Davis. "We are grateful to our supporters and everyone who has trusted us with their continuing education over the years."

Each year, the WVC Annual Conference features hundreds of hours of continuing education (CE), where veterinary professionals in any field or role can receive all their needed CE in one place. The conference will continue to hold the popular hands-on laboratory sessions at the Viticus Center—

Oquendo Campus, just minutes away from the Mandalay Bay Convention Center. Additionally, participants will enjoy exclusive entertainment throughout the event and the expansive Exhibit Hall full of opportunities to connect and learn from experts and organizations across the industry.

About Viticus Group

As powerful innovations alter the world of animal and human health, Viticus Group (formerly WVC) is the leading provider of educational programming and in-depth learning opportunities for veterinary and human health professionals. The Viticus Center offers continuing education at two cutting-edge campuses, presenting a variety of courses and providing access to specialized surgical training for both veterinary and human health professionals. Viticus Group's legacy signature event, the WVC Annual Conference, serves as the veterinary profession's premier gathering for innovative education and an opportunity to engage with other industry professionals seeking growth. Bringing together life and medicine in Viticus, we envision a future where all medical professionals have access to year-round, hands-on training for a one-of-a-kind experience.
