## **Viticus Group Launches Its 2023 Academy & Hands-on Lab Courses**

*Year-Round Education in a Practical Hands-On Laboratory Environment Features New Offerings*

**LAS VEGAS**—[Viticus Group](#), a leading provider of continuing education for veterinary and medical healthcare professionals worldwide, announces its [2023 Veterinary Academy](#) lineup, consisting of year-round veterinary health education programs and hands-on laboratory training held at its two campuses in Las Vegas. Based on participant feedback, new courses added in 2023 include dermatology, gastrointestinal endoscopy, advanced veterinary technician education and more. With its diverse offerings of more than 50 courses between January and December 2023, veterinary professionals have a one-stop shop to earn continuing education (CE) credits and enhance their skills that can be utilized at their own practices.

“Practical, hands-on training is the core of what we do at Viticus Group,” says Andrea Davis, chief executive officer (CEO), Viticus Group. “We work alongside world renown veterinary health experts to deliver the highest caliber, innovative education to those who save and improve both animal and human lives.”

To access the [2023 Veterinary Academy](#) listings and register for courses and/or to register for 2023 WVC Annual Conference, one of the largest veterinary health education conferences in the country, visit [ViticusGroup.org](#). ## **About Viticus Group**

As powerful innovations alter the world of animal and human health, Viticus Group (formerly WVC) is the leading provider of educational programming and in-depth learning opportunities for veterinary and human health professionals. The Viticus Center offers continuing education at two cutting-edge campuses, presenting a variety of courses and providing access to specialized surgical training for both veterinary and human health professionals. Viticus Group's legacy signature event, the WVC Annual Conference, serves as the veterinary profession's premier gathering for innovative education and an opportunity to engage with other industry professionals seeking growth. Bringing together life and medicine in Viticus, we envision a future where all medical professionals have access to year-round, hands-on training for a one-of-a-kind experience.
