Viticus Group Completes Successful 3rd Annual Dr. Jack Walther Recent Graduate Boot Camp

16 scholarship recipients from all over the world received complimentary hands-on training

LAS VEGAS—[Viticus Group](https://www.viticusgroup.com), a leading provider of continuing education for veterinary and medical healthcare professionals worldwide, successfully completed its third annual Dr. Jack Walther Recent Graduate Boot Camp, a 2.5 day event recently held in Las Vegas. Sixteen scholarship recipients received a one-of-a-kind experience at the largest freestanding combined animal and human hands-on training and continuing education organization in the world.

The boot camp, held at Viticus Group Education Centers, provides hands-on training in veterinary dentistry, soft tissue surgery and dermatology for veterinarians who are zero to five years out of school. Veterinarians traveled from all over the globe, including Glasgow, Hawaii, Jakarta and more, to attend the educational event. The scholarship covered registration fees, hotel accommodations, meals and onsite transportation for each recipient.

This year's boot camp included five scholarships that were provided through a partnership with Thrive Pet Healthcare.

"Viticus Group's continuing education is vital for the veterinary profession, as it has been for nearly 100 years," said Dr. Tony Pease, chief veterinary medical officer, Viticus Group. "We recognize that the early years of a new veterinarian's career are critical to paving the way for long-term success and we're proud to be a part of their journey."

The program honors the legacy of longtime supporter and past WVC Annual Conference honoree, Dr. Jack Walther. Known as the "veterinarian's veterinarian," Walther's work in the industry inspired young veterinarians and veterinary technicians through mentorship and his teachings at the University of Nevada, Reno. He also served at the state and national level, as president of the Nevada State Veterinary Association; chairman of the Nevada State Board of Veterinary

Examiners; director of the Western Veterinary Conference (WVC), and chairman of the American Veterinary Medical Association (AVMA) Political Action Committee, among many roles.

About Viticus Group

As powerful innovations alter the world of animal and human health, Viticus Group (formerly WVC) is the leading provider of educational programming and in-depth learning opportunities for veterinary and human health professionals. The Viticus Center offers continuing education at two cutting-edge campuses, presenting a variety of courses and providing access to specialized surgical training for both veterinary and human health professionals. Viticus Group's legacy signature event, the WVC Annual Conference, serves as the veterinary profession's premier gathering for innovative education and an opportunity to engage with other industry professionals seeking growth. Bringing together life and medicine in Viticus, we envision a future where all medical professionals have access to year-round, hands-on training for a one-of-a-kind experience.
